

Ukraine Adoption Expenses by Chronology

For Families in Florida, Georgia, Texas & Wyoming

The cost of your Ukraine adoption will consist of both CCAI Service Fees and expenses paid to outside agencies for their services. One of the many benefits of CCAI's Ukraine adoption program is that the costs are clearly defined from the moment you begin your adoption journey. The adoption fees and costs are spread out over the course of the entire adoption process. Expenses paid to CCAI throughout the adoption (highlighted in **BOLD** below) will be about one fourth of the overall adoption expenses. Below we have listed each expense necessary to complete your adoption, to whom it is paid, and when it is due. Explanation of Non-CCAI Adoption Expenses

For Families in Florida, Georgia, Texas & Wyoming

1. IAAME (Intercountry Adoption Accreditation and Maintenance Entity) is designated by the Department of State to accredit agencies for the purpose of providing intercountry adoption services in the United States. The accrediting entity charges **\$850** per approved application where CCAI agrees to serve as the primary provider. (This fee is charged on a per-child basis; if a family is adopting more than one child, IAAME will collect an additional \$850 per child at the time of referral.)
2. The USCIS (United States Citizenship and Immigration Services) charges **\$775** at the time that you file the I-600A. Each person 17 years old or older in the household must be fingerprinted. **\$85** for each person to be fingerprinted should be included in the initial USCIS check/credit card. The USCIS approval is valid for 15 months. Please remember that Ukraine adoption timelines are controlled by the MSP and are subject to change. Due to extended timelines, you may need to re-file your immigration application, which includes a new I-600A form, fingerprinting, and a home study update. Costs will vary by agency for the home study update. The overall cost to re-file can be an additional \$945 plus a home study update fee.
3. The cost of dossier preparation varies depending on what your state charges for issuing birth and marriage certificates and for document apostilles. The cost of documentation notarization may also vary depending on the notary. Usually, each family has approximately 28 apostilled documents in their dossier. The **\$350** estimate reflects the average that families will spend compiling the adoption dossier.
4. The In-Country fee to the Ukraine facilitator ranges from **\$9,090 - \$12,090**, including wire fees, depending on facilitator used, for one child CCAI has wonderful facilitators including Alla Savinon, Angelina Zherechuk, Maryna Ivashchenko, Natalya Chyzh, Lena Al-Kharardi, and Yana Denman. Additional fees will apply if adopting more than one child. The in-country fees include:
 - a. (First fee) Translation, legalization, and submission of dossier
 - b. (Second fee) Translation services, preparing documentation for NSSU and court, and submission of documents to various government entities
 - c. (Third fee) Translation of court documents, translation services at court, obtaining passports, new birth certificate and other court decision required for US Immigration Visa and preparation of documents for filing for US Immigration Visa
5. Airfare to Ukraine may range from **\$1,300 - \$1,800** per adult traveler per trip (3 trips total) based on economy flights from your home airport during regular season travel. A one-way ticket for a child over age 2 is approximately **\$1,000**.
6. Average estimated in-Ukraine travel & meals/accommodations (total for all 3 trips, estimated 25 days) are approximately **\$2,285 - \$6,000** per couple adopting one child. Apartment costs range from \$50 - \$75 a night.
 - a. Fee estimates are based on general ground transportation (bus, train, taxi) fares. Traveling via domestic flights or private driver will incur higher costs.
 - b. Families electing to stay in hotels in Kiev will have higher accommodation costs ranging from \$150 - \$250 a night.
7. Your child will be issued a Ukraine passport on which she/he will enter the US. The Ukraine passport usually costs **\$100 - \$150**. This is issued by the local Ukraine government passport agency.
8. The US Consulate in Kiev requires that children have physicals performed prior to their exit interview. The **\$215** covers the cost of this exam and photos that children will have taken for their US Consulate visit.
9. A Ukraine Assistant (to your in-country facilitator) may travel with you to the region to assist with the process. Families are responsible for the assistant's room/board and travel at a cost of approximately \$50 per day, for an average of 14 days, total average **\$700**.
10. Your child's visa to enter the US will cost **\$325** and will be issued by the US Consulate in Kiev.
11. The adoptive family is required to pay a child-rearing fee to the orphanage where the adoptive child was residing. The amount of this orphanage fee is **\$1,000**. If you are adopting multiple children, this fee will vary. This fee covers living expenses that the orphanage has already provided to the child and helps improve the overall living conditions of the orphanage. Families pay this fee directly to the orphanage when they are in Ukraine.
12. The adoption may need to be validated by a court in your state. The cost will vary by state.
13. Your child will need a state-issued birth certificate. The cost will vary by state.
14. If only one parent travels to complete the adoption in Ukraine, the child will return on an IR-4 visa, therefore will not automatically receive US citizenship status. The parent that did not travel will need to complete an adoption in the local county court of residence before applying for the child's US Certificate of Citizenship. The cost for the Certificate of Citizenship is \$1,170. The domestic adoption process should be started after the adoption is finalized in Ukraine.
