

ADVOCACY

CCAI's Newsletter featuring Waiting Children

OUR PURPOSE

CCAI desires to find loving homes for as many children as possible! We have many waiting children, some of whom may age out soon. Please share this email with your adoption-minded friends and your church community! Together, we can fulfill many children's dreams- a place to call home!

DYLAN

Dylan is a lively 10-year-old boy living in Taiwan, waiting for a loving, patient adoptive family. He likes toys, drawing, hula-hoops, and running. More than anything, he loves assembling Legos and sharing his accomplishments with his caregivers.

GRAYSON

Sweet 6-year-old Grayson is living in Bulgaria. He demonstrates interest in the events happening around him. Grayson understands verbal instructions, and his vocabulary improves each week – he understands most of what is said to him but has difficulties pronouncing words. Grayson can follow simple, 2-3 step instructions. Most of the time, he is calm and happy. He seeks contact with other children from the group.

VERA, LOTTIE & HENDRIX

Vera, Lottie, and Hendrix are precious siblings living in Taiwan in separate foster families. We are looking for an adoptive family that can provide these siblings with a loving and stable environment and the ability to be together again.

Vera is a precocious 4-year-old, who is affectionate towards caregivers and asks for cuddles. Lottie is an outgoing 6-year-old who loves playing dress up and Hendrix is a bright, cheerful 8-year-old boy who loves legos!

JON

14-year-old JON describes himself as happy, honest, and grateful, with a good sense of humor. His ability to maintain eye contact and keep the conversation flowing impressed the adults. JON enjoys basketball and soccer. He has never been to a real basketball game and would LOVE to go to a game with his forever family! JON is currently visiting Wisconsin from Colombia and would love an opportunity to meet you this summer!

SHILAH

Shilah is a lovely, intelligent, and cheerful 13-year-old girl living in Bulgaria. She smiles a lot and is positive. Easy to communicate with and outgoing, Shilah has expressed a strong desire to have a forever family. Could it be yours?

ANAND

Sweet 8-year-old Anand loves it when people pay attention to him – he smiles and makes eye contact whenever he's spoken to or touched. He's very calm and enjoys soft toys that make sounds. The orphanage staff in Bulgaria are working with him on building attention and establishing essential self-care habits and social skills. Could you be Anand's loving family?

NYLA

Sweet 3-year-old Nyla is living in Bulgaria. She does not speak but understands everything, recognizes people from her immediate environment, and laughs when she likes something. When someone holds her hands, Nyla takes a few steps. She can crawl and tries to stand up independently by holding onto stationary support. She turns quickly from back to stomach and vice versa. Nyla needs a family to help her soar!

LEY

Ley is a sweet 13-year-old girl visiting Ohio from Colombia through our hosting partner, Project One Forty-Three. LEY is happy to try new outdoor adventures or can be just as delighted with drawing or painting. She also loves dance and hopes to continue improving in that arena.

Will you let LEY twirl into your heart?
